REPORT
OF THE
IRISH LAND COMMISSIONERS

FOR

THE PERIOD INCLUDED BETWEEN THE 21st OF AUGUST, 1888, AND THE
22nd OF AUGUST, 1889.

TO HIS EXCELLENCY LAURENCE DUNDAS, EARL OF ZETLAND,
LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

PART I.

REPORT OF COMMISSIONERS APPOINTED UNDER THE LAND LAW ACT OF 1881.

We, the Commissioners appointed under the provisions of the Land Law (Ireland) Act, 1881, beg to submit to your Excellency this Report of our proceedings during the twelve months ended on the 21st of August, 1889.

The seven years for which the Land Commission was constituted terminated on the 21st August, 1888. The Commission has, however, been twice continued by the Expiring Laws Continuance Acts of 1888 and 1889, by the latter of which it has been continued to the 31st December, 1889.

Prior to the 22nd August, 1888, the staff of Assistant Commissioners consisted of ten legal and forty lay Commissioners. Each legal Assistant Commissioner having two pairs of lay Commissioners associated with him, and sitting in court as Chairman alternately with one of these pairs. The farms were inspected by the two lay Assistant Commissioners by whom the evidence respecting them was heard.

The staff of laymen was, however, found insufficient to cope with the arrears of applications to fix fair rents remaining unheard on the 22nd August, 1888—arrears which had been considerably increased by the large number of applications subsequently filed both by leaseholders and yearly tenants. The number of lay Assistant Commissioners was therefore increased, first in September, 1888, by ten, and subsequently in January, 1889, by a similar number.

These additions enabled us to supplement the strength of each of the ten existing Sub-Commissions by increasing the number of pairs of lay Assistant Commissioners attached to it from two to three.

We were able to do this without putting undue pressure upon the respective Chairmen. As time has passed, legal questions arising in proceedings for the fixing of judicial rents have been decided, and thus it has resulted as the law has become gradually more known and settled, that the attention and time of the Sub-Commissions have been to a greater extent occupied in dealing with questions of value, and not so much with questions of law, which when the Act of 1881 came first into operation required more constant attention and supervision on the part of the legal members of these Courts.

The number of fair rent notices disposed of by the Sub-Commissions during the year was 21,804. Of this number 6,497 were disposed of up to the 1st January, 1889. From that date, as stated, three pairs of lay Assistant Commissioners were attached to each Sub-Commission, and 14,807 cases were disposed of between the 1st January and 22nd August, 1889. Of the 21,804 cases so disposed of by the Courts of the Sub-Commissions during the year, 18,612 were cases of applications by yearly tenants, and 7,692 were applications by leaseholders.

REPORT OF THE

The entire number of Fair Rent Notices disposed of during the year was as follows :—

| | |
|---|--------------|
| By the Chief Commissioners as Courts of first instance, principally on consent, | 1,358 |
| By the Sub-Commission, | 21,304 |
| By the Civil Bill Courts, | 1,326 |
| Total, | <hr/> 24,088 |

The entire number disposed of, by both Land Commission and Civil Bill Courts, from the date of the passing of the Land Law (Ireland) Act, 1881, to the 22nd August, 1889, was 170,295.

The number of Fair Rent Notices awaiting trial by the Land Commission on the 22nd August, 1888, was 58,325, and by the Civil Bill Courts 2,992.

The numbers similarly awaiting trial on the 22nd August, 1889, were :—

| | |
|---------------------------|--------|
| By the Land Commission, | 48,377 |
| By the Civil Bill Courts, | 4,169 |

Judicial Rents have been settled during the year by Court Valuers in 145 cases, by Arbitrations in 9 cases, and by originating declaration and agreement, under the provisions of the 8th section of Land Law (Ireland) Act, 1881, in 9,934 cases, of which 9,772 were filed in the Land Commission and 162 were lodged with the Clerks of the Peace of the Civil Bill Courts, 5 Judicial Leases were executed and 2 Fixed Tenancies created, making altogether 10,095 cases which were settled during the year without litigation.

The total number of rents fixed by originating declaration and agreement, since the passing of the Act of 1881 up to the 22nd August, 1889, was 106,996.

The total number of rents fixed by Court Valuers during the same period was 1,062.

The total number fixed by Arbitration was 36, and of Judicial Leases executed 118, and the number of Fixed Tenancies sanctioned was 26.

We stated in our Report for the period ending 22nd August, 1888, that by the Land Law (Ireland) Act, 1887, Lessees of Agricultural Lands, as defined by that Act, were empowered to apply to have Judicial Rents fixed, but that the period within which applications could be made was limited to two years from the 23rd August, 1887.

During the year ending 22nd August, 1889, the number of Leaseholders who so applied, under the provisions of the Statute referred to, to the Court of the Land Commission was 2,987, and to the Civil Bill Courts was 1,440.

By the 52 & 53 Vic., cap. 67, the period during which the Civil Bill Courts and the Land Commission were authorized to receive applications from Leaseholders has been extended to the 31st December, 1890.

The entire number of rents fixed by all the methods enumerated from the passing of the Land Law Act in 1881, to the 22nd August, 1889, was 233,607, not including Judicial Leases and Fixed Tenancies. The number of cases "struck out," withdrawn, or dismissed was 43,720.

The total number of cases disposed of during the period under review, i.e., from 1881 to 22nd August, 1889, was therefore 277,471.

1,373 Appeals from the Civil Bill Courts and rehearings from the decisions of the Sub-Commissions (both of which are comprised under the term "appeals") were disposed of during the year by us, at sittings held on alternate weeks throughout the country, from November to August inclusive. We sat in the intervening weeks during the same period for Appeals from the Dublin District. Sittings were also held in Dublin for the disposal of motions and other court business.

The total number of Appeals disposed of since the passing of the Act in 1881 to the 22nd August, 1889, was 24,529.

The number of Appeals lodged or reinstated during the year was 4,478.

The total number of Appeals pending on the 22nd August, 1889, was 7,914.

Of the large number of Appeals awaiting hearing 90·6 per cent. are defined by the parties to be Appeals on the question of value, and not upon questions of law, and of

these Appeals on value 67 per cent. are Appeals by landlords and 33 per cent. are Appeals by tenants.

The facilities which we thought it right to afford to persons dissatisfied with the decisions of the Courts of the Sub-Commissions to have their cases reheard on appeal we have noticed with concern have been to a considerable extent abused.

In many instances, and those instances increasing of late, it seemed obvious to us that at the time of appealing the appellants had not placed themselves in a position to judge whether any valid reason existed to complain of the decision of the Court below.

We have found that it has not unfrequently been the case that there has been a total neglect, on the part at least of one of the litigants, to produce any evidence, either oral or documentary before the Sub-Commission, which is the primary Court before which the full case of the parties ought to be made. Having thus treated the Sub-Commission with neglect, the parties appear to have appealed without taking any trouble to inquire into the factors which guided the Assistant Commissioners in arriving at their decision.

The result of attempting thus to convert the Court of Appeal into a Court of first instance, and the frequency of frivolous appeals, have much embarrassed us, and have delayed the Court in dealing with *bona fide* cases where genuine questions had to be decided.

In the greater number of these cases which have thus occupied the time of the Court, we have felt ourselves unable to vary rents which had been fixed by the Assistant Commissioners with care and discrimination. It is, therefore, not surprising that with all our desire to make the entrance to our Court as free and unimpeded as possible, we should have come to the conclusion that it is desirable to discourage unsubstantial appeals, and with that object we propose, with the assent of Her Majesty's Treasury, to impose a stamp of 10s. upon every Notice of Appeal brought after the 31st December, 1889.

The total rental dealt with under the Acts of 1881 and 1887 during the eight years ending 22nd August last was £4,581,761. The aggregate judicial rent fixed in respect thereof was £3,650,026, amounting to a reduction of 20·3 per cent. over the entire country.

The total rental dealt with during the year under review was £729,870.

Particulars are given by counties in Table XLVII.

In cases where the Poor Law Valuation was not under £30, we have for many years required the party applying to have a judicial rent fixed to lodge an Ordnance Sheet with the holding marked thereon. The advantage of having such a map, when correct, was manifest in practice, both when cases came before us on appeal, and also for purposes of record, and accordingly we decided that such maps must be used in every case.

At first we contemplated to make the rule, as it stood, apply universally, but it was represented to us that the expense of obtaining such maps, and of having the boundaries marked, was such, that we should avoid, if possible, imposing this additional cost upon the numerous class of small tenants. Objection was also made by the Assistant Commissioners that in many instances the maps so obtained and furnished by the parties, were found to have the boundaries inaccurately marked, and that, when this occurred, the maps were calculated to mislead them in their inspections.

After careful consideration we arrived at the conclusion that the objections stated would be met by arranging that, in future, we should ourselves obtain these maps from the Ordnance Department. This arrangement has been carried out, and it is now the duty of the Assistant Commissioners at their inspections to delineate on the Sheet of the Ordnance Map the boundaries of the respective holdings, and to indicate thereon, in different colours, the various qualities of the lands which they inspect.

This has led to a revision of the form of report made by the Assistant Commissioners. This document which records every matter of importance which should be taken into account when fixing a rent, together with the accompanying map, is lodged with the file of the case in our Record Department, and copies of both the report and map can, on payment of scrivener charges, be obtained by the parties, thus enabling them to satisfy themselves as to the basis on which the Assistant Commissioners arrived at their estimate of the judicial rent.

Specimens of reports and maps so prepared by the Assistant Commissioners will be found in the Appendix.

We have every confidence that the change so adopted will have the most satisfactory results, both in reducing the number of appeals, and in establishing a trustworthy record of the work performed by the Assistant Commissioners.

We have anxiously considered every course which has been proposed, or which has occurred to us, to facilitate the hearing of outstanding cases. We are aware that suggestions have been made for the rapid disposal of applications to fix fair rents. It has been proposed to adopt some mechanical or automatic method, based upon averages in which the general valuation of Ireland, known as Griffith's Valuation, should form an important factor. Our experience leads us to view with great distrust the substitution of any mechanism of this kind for the present careful investigation of each particular farm by skilled men.

Griffith's Valuation, intended for purely fiscal purposes, was carried out in the years ranging from 1853 to 1866, and the original variances which it discloses, arising from the different periods at which it was made in the respective districts, as well as the great changes that have occurred in the circumstances of Ireland since its promulgation, lead us to regard it at the present day as an altogether untrustworthy basis to proceed upon in estimating a fair rent in individual cases.

The reports given in the Appendix, and above referred to, illustrate this view.

For these reasons it is quite possible that in future we may find it advisable to omit any references to the Valuation in the Tables annexed to our annual Report.

We have, during the year under review, modified our former practice in framing the Circuit Lists, and now, instead of listing cases in each union in the exact order in which the applications are received we group cases received within a definite period by reference to the locality of the holdings, as indicated by the particular Ordnance Sheets upon which they are situated.

By this method very considerable economy in respect both of time formerly spent in travelling and in the expense of locomotion has been effected, and the Sub-Commissions have been able to deal more rapidly with cases on their lists.

As an illustration it may be stated that while under the former system a list of 230 cases covered 22 Ordnance Sheets comprising an area of 523 square miles, a list of the same number of cases under the new system covers 4 Ordnance Sheets comprising an area of 96 square miles.

During the year orders were sealed, under the Labourers Acts, fixing rents in 658 cases of applications from Boards of Guardians, 339 orders were made by the Assistant Commissioners, and 349 such orders have been made by one of the Chief Commissioners sitting in Chamber in Dublin. The latter practice is one which has been recently adopted, and it has been found that thereby, after hearing the parties, and with the reports of valuers, a Commissioner has been able satisfactorily to deal with such applications much more rapidly than the Assistant Commissioners, and in substance as effectually, and thus the latter have been set free to a considerable extent for the more legitimate duties for which they were selected. The total number of such rents fixed up to 22nd August, 1889, was 1,738.

By reference to Appendix LXIII, it will be seen that the rents of these cottage plots average from eight shillings to one guinea.

Special orders were made in 10 cases by the Sub-Commissions for the erection or improvement of labourers' cottages, under the 19th section of the Land Law (Ireland) Act, 1881, making the total number of such orders 838 to the 22nd August, 1889.

In addition to the orders under the Labourers Acts, and to the orders made on appeal, there were 2,202 orders made in Court, either on notice or *ex parte* during the year.

The duties of the Keeper of Records have recently considerably increased, both in respect of records lodged with him for safe keeping, which must be so scheduled and deposited that access can be had to them at any moment, and also in respect of the number of copies bespoken by the public for various purposes.

The work issued by this Department to the public for the year ended 22nd August, 1889, is shown by the following returns:—

| | |
|--|--------|
| Copies of Orders fixing Judicial Rents, | 16,263 |
| Certificates and Copy of Agreements fixing Judicial Rents, | 5,562 |
| Number of copies of other miscellaneous documents, | 18,171 |

The amount received from the public for scrivener and other fees during the year amounted to £1,187, which practically represents the whole cost of this department.

20 applications to set aside leases or grants under section 2 of Act of 1887 were disposed of during the year.

On the 18th December, 1888, we issued the order and schedule for the temporary adjustment of judicial rents. The schedule annexed to the order was prepared from the returns of prices affecting agricultural produce for the year ending December, 1888.

Mr. Justice O'Hagan, for the reasons expressed by him in the Special Report submitted to His Excellency the Marquis of Londonderry on the 31st day of December, 1888, did not sign the order.

With the sanction of the Lords Commissioners of Her Majesty's Treasury, and the permission of the Board of Inland Revenue, the officers of the latter department stationed at the principal towns throughout the country, furnish weekly returns of prices founded on actual sales of the various products mentioned in the forms supplied to them, while as regards the prices of live stock, Inspectors have been appointed to attend the principal fairs throughout the country, and to forward reports of sales which actually take place. From these returns the average prices are compiled for each province, and for the whole of Ireland collectively, and we now publish for the benefit and information of the public quarterly returns of the average price of each of the principal products, ascertained in the above manner.

We consider the collection of the returns referred to, representing the actual prices paid for agricultural commodities throughout the country at the principal fairs and other centres, as being of great importance. With the statistics so obtained, we form a record of prices from time to time prevalent, valuable for reference when considering questions relative to the value of agricultural land, and for statistical purposes. It forms, in fact, the only authentic record of such prices for the whole country.

The property of the late Established Church, which was vested in us by the 44 & 45 Vic., cap. 71, has been administered by us during the year.

By payments made by us, since the property vested, the total liability has been decreased from £10,421,862 to £8,184,769. It decreased during the year by £318,734.

The original debt of £9,000,000, incurred for the purposes of the Church Act, and due to the Commissioners for the Reduction of the National Debt, has been reduced during the year ended 22nd August, 1889, to £8,437,067.

At the date of our last Report the amount due was £3,725,786.

The annual income, consisting of the first seven items in the income column of table below, has by redemptions and otherwise been reduced from £509,897, at which it stood in 1881, to £509,552.

The following Table shows—

(A) For eight years; then for £10,000 for about twenty years. (B) For thirty years. (C) Estimated value

(D) Including instalment of capital charge terminable in about eight years.

In our last Report we drew attention to a considerable increase in the arrears of tithe-rentcharge, and annual terminable instalments of tithe-rentcharge, at 31st March, 1888, and detailed the circumstances which in our opinion had caused this increase.

Although still many owners of land who are in arrear have satisfied us during the year under review that their indebtedness to us arose from the non-payment of rent to them, nevertheless a reduction has been effected of upwards of £11,000, on foot of arrears of the charges referred to.

Progress has been made in the investigation of liability of lands to tithe-rentcharge; 130 parishes, containing 1,102,985 acres, and subject to £25,180 annual rentcharge, payable by 1,896 persons, have been investigated and mapped during the past year.

In all 681 parishes, containing 7,249,196 acres, and subject to £124,917 annual tithe-rentcharge, payable by 12,801 persons, have been investigated.

Considerable extra labour was thrown upon the staff of the Church Property Department, in carrying into effect the provisions of the 23rd Sec. of the Act of 1885, and the 24th Sec. of the Act of 1887, both in extending the terms of some 3,000 mortgages, and re-calculating the new instalments, and placing them on the charge book for collec-

tion. This duty had to be performed to some extent at the expense of the collection of perpetuity rents, and interest on converted leaseholds, and the arrear on these accounts is consequently somewhat increased.

It is a matter of satisfaction to us that we are in a position to state that the obligations of those purchasers of Church estates, to whom relief was given by the provisions of the Statutes referred to, have on the whole been punctually discharged during the year under review.

The capital amount due on simple mortgages on the 31st March, 1889, was £661,475. The interest payable annually on same is £24,905. The capitalized value outstanding in respect of the annual instalments of £55,600 is £789,793.

The arrear due on the 31st March, 1889, in respect of simple mortgages was £11,345, and on instalment mortgages £32,790.

The arrear due by tenants who purchased their holdings under the Act of 1881 amounted at the same period to £764, as compared with an arrear of £1,441 at the date of our last Report, the total principal amount outstanding on this account being £222,456 7s.

The total annual income collected by our Church Property and Collection Department is now £740,000.

The number of payers on the books is 44,500. This large revenue is payable by persons of all classes who have purchased land under a series of statutes, commencing in 1833 (3 & 4 Wm. IV., cap. 37), down to the most recent of the Land Purchase Amendment Acts, and by payers of tithe-rentcharge and others, and is collected punctually and economically by means of the Receivable Order system, under the efficient control of Mr. Fetherston H., the Superintendent of that Department, at a total expense which for mere collection does not amount to one per cent. on the amount annually placed to credit.

We desire to record the sincere regret with which we, and our colleagues appointed under the Land Purchase Act, were compelled to accept the resignation of Mr. Denis Godley, o.b., of his appointment of Secretary to the Irish Land Commission.

We considered ourselves fortunate at the commencement of our labours in 1881 to be able to obtain the services of this gentleman, who had been Secretary to the Church Temporalities Commission. His abilities and great experience in the administration of public departments have been invaluable to us.

After eleven years spent as Secretary to the Church Temporalities Commission, and eight years as Secretary to this Commission, he was compelled, owing to failing health, to retire from our service, without, we regret to say, it being in our power to provide or succeed in obtaining for him any pecuniary compensation or allowance in recognition of his long and important services to the State.

During the year the Offices of the Solicitors of the Land Commission and Church Property Department were amalgamated, and the combined offices placed under the control of the Solicitor of the Land Commission. By adopting this course, although additional responsibility and duties have been cast upon the Solicitor, a considerable economy has been effected..

PART II

REPORT OF COMMISSIONERS APPOINTED UNDER THE PURCHASE OF LAND
(IRELAND) ACT, 1885.

We, the Commissioners appointed under the provisions of the Purchase of Land (Ireland), Act, 1885, beg to submit the following Report to Your Excellency.

In our last annual Report dated 25th October, 1888, we stated that during the three years ending 21st August, 1888, 14,002 applications had been received for advances amounting to £5,500,369, being £800,369 in excess of the funds placed at our disposal under the Purchase of Land Act, 1885. By the amending Act which received the Royal Assent on the 24th December, 1888, a further sum of £5,000,000 was granted for the purposes of advances to tenants and of purchases of estates.

State of grant. During the year terminating 21st August, 1889, 5,533 applications were received for advances amounting to £2,024,966, making the total amount applied for to that date £7,825,335. In estimating, however, the amount available for further applications a sum of £719,592 may be deducted as representing applications refused by us, on the ground of insufficiency of security or for other reasons, thus leaving £2,894,257 available for future applicants.

Cases refused.

Purchase of estates. Of the total amount so applied for, we sanctioned 14,019 applications for loans amounting to £5,872,975, and of the amount so sanctioned, there have been issued 11,012 loans amounting to £4,629,655, including the sum of £140,838, being the amount advanced upon twenty-seven estates bought by us in the Land Judges Court under the 5th Section of the Act, for re-sale to the tenants.

Applications for advances to the amount of £1,239,768 were at the close of the year under investigation, and are now being provisionally sanctioned.

Distribution of purchase-money in provinces. Of the 11,012 loans issued amounting to £4,629,655, 6,081, to the amount of £1,820,965, were for Ulster; 2,031, amount £1,381,388, were for Munster; 1,720, amount £1,114,398, were for Leinster, and 1,180, amount £312,904 were for Connacht. Of these 11,012 loans—

| | 85 | £5,000 | " | " | 5,000 |

The following table showing the number of applications for advances received during each of the four years covered by this Report indicates the gradual local growth of the operation of the Purchase Act in each of the Provinces:—

| Number of applications in each province. | Province. | Year and Number of Applications. | | | |
|--|-------------------|----------------------------------|-------|-------|-------|
| | | 1886. | 1887. | 1888. | 1889. |

| | Leinster, | 496 | 927 | 863 | 1,141 |
| | Connacht, | 186 | 794 | 554 | 800 |

Average rates of purchase agreed upon. In the cases in which advances have been provisionally sanctioned during each of the four years, the average prices for all Ireland calculated upon the rents were in 1886, 18·0 times the rent, in 1887, 17·6, in 1888, 17·0, and in 1889, 16·4. Taken in counties the averages during the four years ranged from 19·8 to 13·2 times the rent. These figures cannot, however, be regarded as indicating the selling value of land in

any particular county or district, nor are they capable of general application. The rents upon which the prices were fixed had no uniform basis. They comprised rents payable under fee-farm grants, leases for long terms or under yearly lettings, manifestly below the present letting value, and judicial rents, and on the other hand rents much in excess of the present letting value which had not been revised under the Acts of 1881 or 1887, and rents of holdings not above the standard of cottier allotments. When upon an analysis of the cases in which agreements have been lodged it is found that prices have ranged from 45·7 times the rent to 8·2, some estimate may be formed of the variable character of the interests dealt with, and the inequalities which are to be found in every county and upon almost every estate.

Out of the total number of cases in which loans have been issued, 136 were to tenants who applied for sums not exceeding three-fourths of the purchase money. In 79 cases the tenants have lodged the necessary guarantee deposits. In the remaining cases the guarantee deposits have been retained by us out of the purchase money as provided by the Act. The total amount of guarantee deposits so lodged or retained was £917,539, of which £82,115 has been invested upon the application of the parties interested therein in securities authorized by the Act of 1887.

The facilities afforded by the Land Law (Ireland) Act, 1887, for the apportionment and redemption of quit rents, tithe-rentcharge, and head rents have enabled sales to be effected in almost all cases discharged of outgoing. While, however, the redemption prices of head rents are being fixed as provided by the 16th section of that Act, and the price of lay tithe-rentcharge has been fixed by us at twenty years' purchase, we regret to have to report that no effect has as yet been given to the provisions of the 15th section of that Act for the revision of the prices of either quit rents or of tithe-rentcharge payable to the Land Commission, which have still to be redeemed at the respective rates of 25 years and 22½ years purchase.

The Amendment Act of last session which enables tenants, subject to our approval and within defined limits, to purchase with their holdings parcels of additional land, will afford in many instances facilities for beneficial arrangements.

The collection of instalments in repayment of advances under the Purchase of Land Act continues to be most satisfactory. On the 1st of May last the number of payers under that Act on the books of the Land Commission was 8,670, while the total amount receivable in respect of interest and instalments from the passing of the Act to that date was £225,345, of which sum £77,489 was payable in respect of the gale which accrued due on the 1st of May. The total amount of arrears unpaid on the 21st of August was £7,525, which up to the 31st day of October has been reduced to £2,993 due by 297 payers. With the exception of £442 the entire of this arrear was due in respect of the £77,489 which became payable on the 1st of May last. Comparing these figures with those given in our last Report it will be seen that while £2,252 was the arrear upon a total collection of £90,630, £2,993 is the amount now unpaid in respect of a collection since increased to the sum of £225,345. During the year the holdings of 9 defaulting purchasers were put up for sale, 6 of these holdings have been sold, and in 3 cases in which there was no competition arrangements are being made for resale. Except in the cases of the two holdings referred to in our Report of last year we have not been obliged to apply any guarantee deposits in discharge of unpaid instalments.

During the year under review 2,574 applications for loans amounting to £1,154,131 were provisionally sanctioned, and 2,819 loans amounting to £1,385,455 were issued. This sum includes advances to the amount of £437,121, which were paid into the Bank of Ireland under the provisions of the 14th section of the Act of 1887, for expediting proceedings. During the four years ending 21st August last, 1,264 abstracts of title were lodged, and in all these cases, with the exception of 30, the rulings on title have been issued. The drafts of all conveyances and vesting orders which had been lodged to the 21st of August have been settled, the number settled in the year being 3,175. It will, however, be observed that there is a large difference between the total amount of the advances sanctioned and the amount issued. During the four years just closed we provisionally sanctioned loans to the amount of £5,872,375, while the amount issued was £4,629,555, leaving the sum of £1,243,320 still to be distributed. This is inevitable. Advances are sanctioned subject to satisfactory proof of title by the vendor; the issue of a loan depends upon the nature of the vendor's title, the difficulties and delay which may arise in obtaining the assent of incumbrancers to the retention of the guarantee deposit or in the preparation and lodgment of the title, and upon the activity and diligence of his solicitor in making searches, discharging queries, and

preparing the deeds of conveyance or vesting orders, as well as upon the ability of the limited staff of the department to dispose of the amount of work presented at various periods with unequal but increasing force. Estates or even townlands are not sold *en bloc*. Many vendors enter into agreements for the sale of single holdings at different periods, and without sufficient regard to the title or to the mode of procedure best applicable to the estate being dealt with, and while the title is usually a common one, and the incumbrances over-ride the entire estate, agreements for sale when so presented and the purchase money payable have to be dealt with separately.

In cases in which we have sanctioned advances to the extent of about £400,000, no abstracts of title have been lodged. In other cases where the purchase money involved was about £100,000—the titles lodged have been ruled defective, while in cases representing advances to the amount of about £100,000 the drafts of the conveyances or vesting orders have been settled, but the engrossments have not been brought in. Having regard, however, to the number of titles which have been ruled, and to the cases which appear to be ripe for the completion of the conveyances or vesting orders we anticipate a very large issue of advances during the next four months.

We are fully alive to the importance of expediting, as far as is possible, the completion of sales and our rules and procedure have been framed to that end.

We do not deem it necessary to call attention at the present time to the need for legislation towards the further simplification of the proceedings for the sale and transfer of land, but we desire very respectfully to urge upon your Excellency the necessity for making, as occasion may require, prompt and adequate provision for the disposal of the daily increasing clerical work of our department. At the inception of our administration it was impossible to form any estimate of the amount of legal or clerical assistance which might from time to time be required. Apart from the business arising upon the disposal of 19,535 applications for loans upon 1,461 different estates, a large amount of extra work has been thrown upon our staff in relation to the compilation of statistics and the preparation of returns directed by recent Acts or from time to time ordered by Parliament. No adequate provision has been made for the discharge of these new duties, the normal work of the department has to be put aside to meet the pressing requisitions of Parliament, and upon two occasions when we deemed it necessary to apply for additional clerical aid periods of about four months were allowed to elapse before relief was given. We submit that, pending permanent legislation, provision should be made for the expansion of our clerical staff when pressure arises, so as to avoid such delays, and the consequent accumulation of arrears.

In conclusion we desire to record our sense of the valuable aid we have received from the various members of our staff, to whose zeal and energy we are so largely indebted for the success which has attended our administration.

(a) The number of Loans is the same as the number of Loans.

(b) In several cases owing to divisions or encroachments on the boundaries of estates or other causes the lands comprised in the agreements for sale were not separately valued at the date thereof. In all such cases the Tenement Valuation has been omitted in this Return.

(c) The Rentals stated in this Return are the Rentals payable to the sale, except in a few cases where the Tenant agreed to pay such amount to the Landlord, and in such cases the outgoing has been deducted from the Rent previously payable by the Tenant.

LIII.—RETURN showing, according to Provinces and Counties, the Number of Loans applied for, the Number of Estates, and the Total Acreage, Tenement Valuation, and Rental of the holdings embraced in the applications, also the Total Purchase-money agreed upon, and the Amount of Loans applied for, during four years ended 21st August, 1889.

| Province and County | Number of Loans. (a) | Number of Estates embraced in Applications. | Average in Square Measures. | Tenement Valuation. (b) | Rent. (c) | Purchase- money agreed upon. | Average of Loans applied for. |

18. The number of Tenants is the same as the number of Loans.

19. In several cases, owing to division or exchange of existing holdings or the creation of new or other estates, the lands comprised in the agreements for sale were not separately valued at the date agreed. In all such cases the Tenement Valuation has been deducted from the total amount of the loans.

20. The rents stated in this Return are the rents payable by the Tenant previous to the sale, except in a few cases where the Tenant agreed to purchase subject to a Head Rent, Coven Rent, Title Rent, or Service Charge or other outgoing previously payable by the Landlord, and in such cases the amount has been deducted from the total previously payable by the Tenant.

Amended Form of Schedule referred to in Rule, 23rd day of July, 1888.

IRISH LAND COMMISSION.

Particulars of Holding to be filled in and signed by the Lay Assistant Commissioners: "after inspection". In case of a difference of opinion, a separate form is to be filled in and signed by each Assistant Commissioner.

No. of Ordnance Sheet, 25.

County Kilkenny.
Record No., 2195.

Tenant—WALTER WALSH.
Landlord—LEON MORSE.

Date upon which Holding inspected, 8th day of August, 1888.

E. CHARACTER of Holding:—

The land in a holding may be all of uniform character, or it may consist of two or more of the qualities of land indicated in the following Schedule, which should be carefully filled up according to the facts. The acreage of each class of land found in the holding should be set out in the column given for the purpose, and this acreage should be marked off and enclosed with a distinct colour on the Ordnance Survey Map of the holding, and also marked with the name or letters corresponding with those in the Schedule. These areas should be stated with as near an approach to accuracy as under the circumstances is possible. The Record Number of the holding should in each case be marked on the Map, and where more than one holding is marked on the Map a Schedule of holdings with the Record Numbers and Tenants names is to be written on the right hand margin of the Map. The exterior boundaries of each holding must be carefully marked on the Map.

SCHEDULE—continued.

| (Quoted on Form.) | (Information supplied by Assistant Commissioners after inspection of holding.) |
|---|---|
| 1. Carrying power of Pasture for six summer months, | 24 acres. |
| 2. Wintering carrying power, if any, | 28 acres. |
| 3. Improvements allowed to Tenant, and found to exist after inspection, to be stated in detail. | The buildings. |
| 4. Do. do. allowed in His master to Landlord, | None. |
| 5. Holdings—if Landlord's, fair annual value, | Tenant's. |
| 6. CULTIVATION—Is holding used or master best suited to its protective power, and does the odd share traces of improvement or deterioration? | Suitability used as regards protective capacity, and it is very fair condition except the D. pasture and sheep, condition of the C. These require clearing and a course of tilage. |
| 7. Are all the crops grown sold, or consumed on the holding for stock or are they partly sold and partly consumed? and if so state in what proportion, if possible? | About half the crops grown are sold and remainder consumed on the holding. |
| 8. RAILWAY—As to Markets and Railways, | Grangegorman, 7 miles; Kilbarrack, 10 miles; Goreybridge (Railway), 4. |
| 9. WHEAT VALUE, if any, has been added for proximity? | None. |
| 10. WHEAT VALUE, if any, has been allowed for free turkeys, swine, mangle, or meadow grazing? | Tenant has none of these. |
| 11. WHEAT ABSENT, if any, has been deducted in consequence of unusual position? | None. |
| 12. LOCAL RATES— Average Poor Rate is £1, County Dist in £1, | £1, id. in £1. Average of last 5 years. £1, id. in £1. |
| 13. SPECIAL Incidents of holding, and general observations, | Well represented as regards road accommodation, being intersected by the Co. Road. It is also easily divided into large fields, well drained and having a good water supply. The large tract under tilage is among retentive clay soil, specially suited for wheat-growing. The Government Valuation of the farm would appear to have been based principally on wheat-fibre at a high price, as this valuation seems much out of proportion to the present value. |
| 14. Who attended inspection on behalf of Landlord? | The Notary Public—Patrick Kelly. |
| Do. on behalf of Tenant? | The Tenant. |

To be signed by Lay Assistant-Commissioners. { (Signed), T. A. DILLON,
 = T. DAVIDSON,

Dated this 16th day of August, 1880.

15. If Tenant has been purchased since the Land Act, 1870, give date and amount of Purchase Money or such rate.
16. Date at which Rent was last charged and amount of charge. No evidence of any change.

(Signed), T. A. DILLON, Assistant-Commissioner.

H.R.—In this case the former Rent was £176 18 0
 The Gross Poor Law Valuation is £176 18 0
 The Judicial Rent was £176 18 0

2. CHARACTER OF HOLDING.—Dairy and Tillage Field.

The land in a holding may be all of uniform character, or it may consist of two or more of the qualities of land indicated in the following Schedule, which should be carefully filled up according to the facts. The acreage of each class of land found in the holding should be set out in the column given for the purpose, and that acreage should be marked off and entered with a distinct colour on the Ordnance Survey Map of the holding, and also marked with the letter or letters corresponding with those in the Schedule. These letters should be stated with as great an approach to accuracy as under the circumstances is possible. The Record Number of the Holding should at each time be marked on the Map, and where more than one holding is marked on the Map a Schedule of Holdings with the Record Numbers and Tenant's names is to be written on the right-hand margin of the Map. The exterior boundaries of each holding must be carefully marked on the Map.

1. CHARACTER OF HOLDING.—

The land in a holding may be all of uniform character, or it may consist of two or more of the qualities of land indicated in the present Schedule, which should be carefully blotted overlying in the fields. This amount of each class of land found in the holding should be set out in the column given for the purpose, and this amount should be squared off and entered with a distinct colour on the Ordnance Survey Map of the holding, and also marked with the same or letters corresponding with those in the Schedule. These areas should be stated with as near an approach to accuracy as possible. The Record Number of the holding should in each case be marked on the Map, and where more than one holding is marked on the Map a schedule of holdings with the Record Numbers and Tenants' names is to be written on the right hand margin of the Map. The exterior boundaries of each holding must be carefully marked on the Map.

SCHEDULE—continued.

| (Question on form). | Information supplied by Assistant Commissioners after inspection of holding.) |
|--|--|
| 9. Carrying power of pasture for six summer months. | 97 large Three-year-olds; 128 large Two-year-olds; 128 Sheep. Orientated for summer only. |
| 10. Winterage carrying power, if any. | A small amount of drainage in boggy and low-lying lands. |
| 11. Improvements allowed to Tenant, and found to exist after inspection, to be stated in detail. | All buildings, consisting of Herdy's house and offices attached, all road and track. |
| 12. Do. do. allowed in like manner to Landlord. | None. |
| 13. REVENUE—If Landlord, fair annual value. | £1. |
| 14. OBSERVATION—Is holding used in manner best suited to its productive power, and does the soil show traces of improvement or of deterioration? | The holding is only in fair condition. It is in many fields decidedly in poor condition, but it is kept in good order, and drainage seems to be doing well in bottom lands. |
| 15. Are all the crops grown sold—or consumed on the holding by stock, or are they partly sold and partly consumed? and if so, state in what proportion, if possible. | Probably part consumed, part removed. |
| 16. ESTATE—As to Markets and Railways. | Rathfarn, 4 statute miles; Ballybegg, 2 statute miles. |
| 17. WHAT VALUE (if any) has been added for pasture? | None. |
| 18. WHAT VALUE (if any) has been allowed for trees, Turf, stones, or mountain grazing? | None. |
| 19. WHAT AMOUNT (if any) has been deducted in consequence of tenancy position? | None. |
| 20. LOCAL RATES— Average Poor Rate is £1. County Oct in £1. | £1. 0d. £1. 0d. |
| 21. Special incidents of holding, and general observations. | Tenants pay all Poor Rates. The fields vary much in character, many of them containing both first class land and inferior slave land. In some cases fields are classed entirely as slave pasture, which contains a certain amount of furling land, the whole of which formed the smaller proportion of the entire field area, consequently the fields were styled as "slaves." |
| 22. Who attended inspection on behalf of Landlord? | William Hopkins. |
| Do., on behalf of Tenant. | Tenant in person. |

To be signed by *Lay* *THOMAS S. PORTER*
Assistant-Commissioner. *JOHN BOYD.*

Dated this 2nd day of August, 1889.

23. If Tenancy has been purchased since the Land Act, 1870, give date and amount of Purchase Money on such date. Taken directly from the Landlord in 1875, and not sold for a money consideration since.

24. Date at which Rent was last charged and amount of charge. No change since the commencement of the tenancy.

B. R. KANE, Legal Assistant-Commissioner.
